Selectmen's Meeting

GRANGE DISSOLVED

Mattapoisett Grange Master Dennis Sylvia turned over the Mattapoisett Grange building and land to Mattapoisett on December 4th. He told Chairman John DeCosta of the Board of Selectmen that the Grange had formally dissolved after more than 80 years as one of the first such organizations in this area. The Mattapoisett Grange was No. 215, organized February 22nd, 1897. Mr. Sylvia said that attendance had dwindled to the point where they could not get a quorum of seven and that there had not been

a meeting in two years. He noted that the cost of heat and repair has been instrumental in forcing the Grange to close and that the change from rural to urban character of the town has changed the interest of the people. "At one time", said Mr. Sylvia, "we had more than 200 members." In 1977 there were 80 members but attendance had become very poor. Mr. Sylvia said that the Grange had hung on as long as possible but with the active members at less than seven it was now time to close the doors completely. He said that any member wishing to join another Grange should contact him for a demit for the transfer.

Chairman DeCosta said that he was personally very sad to hear of the closing. He said that his family had been members and had enjoyed the fellowship and Grange activities.

The Grange building was designated as an historic place during the Bicentennial of 1976. A marker was placed on the building at that time and the Commonwealth placed the Grange Hall building in the National Historic Register. The building was originally the Third Meetinghouse of

CUSTOMERS of the New Bedford-Acushnet Co-operative Bank

The annual meeting of our customers will be held between 11 a.m. and 3 p.m. Saturday, December 15, at the Holiday Inn of New Bedford, on Hathaway Road. The major purpose of this meeting is the election of four directors and the Clerk of the Corporation.

Each depositor and each mortgage customer is a shareholder of the bank and is entitled to one vote at this annual meeting.

The present management's slate of nominees includes four present members of the Board of Directors: **HOWARD C. SCHLEEWIS**, director since 1971 and presently Chairman of the Board of Directors; former member of the bank's Finance Committee; treasurer of Cornish & Co.; member of the New Bedford Economic Development Committee and Director of the New Bedford Taxpayers Association; formerly manager of the General Adjustment Bureau Inc., director of the New Bedford YWCA, and vice-chairman of ONBOARD; alumnus of New York University; recently retired from the U.S. Army Reserve as a lieutenant colonel after a military career spanning 24 years. He and his wife, the former Ruth Gregory, live in New Bedford.

DR. ARTHUR MOTTA, director since 1976 and presently vice president of the bank; for 26 years in the practice of veterinary medicine, currently owner of the New Bedford Veterinary Hospital, Member of Massachusetts and American Veterinary Medical Associations, the American Association of Zoo Veterinarians, and the Bishop Stang Council, Knights of Columbus; alumnus of the University of Massachusetts and Cornell University. Married to the former Muriel A. Desorcy, he has lived in New Bedford all his life.

CHARLES S. KELLEY III, director since 1962 and currently chairman of the bank's Finance Committee; partner in Tucker, Anthony and R.L. Day, New Bedford investment firm; former treasurer of the First Unitarian Church of New Bedford; member of New Bedford Yacht Club; former chairman of the Salvation Army Advisory Board; an alumnus of Harvard College; and resides with his wife Elin A. Kelley in South Dartmouth.

EDWARD G. DUVAL, director since 1976 and a member of the bank's Finance Committee; a registered pharmacist and a real estate broker as an associate of Herb Santos, Realtor; member of the Greater New Bedford Pharmaceutical Association and former member of the Fairhaven Planning Board; alumnus of Northeastern University. He and his wife, the former Kathleen Riding, live in Fairhaven.

The candidate for Clerk of the Corporation is:

ROBERT L. LIPMAN, President and Treasurer of Modern Pharmacy, Inc., in New Bedford; member of the Board of Directors of Tifereth Israel Synagogue and of Allendale Country Club; second vice-president and director of the Jewish Convalescent Home; member of the New Bedford and Massachusetts Pharmaceutical Association; consultant pharmacist to the New Bedford Jewish Convalescent Home; alumnus of Massachusetts College of Pharmacy and the Purdue University Graduate School of Pharmacy. He and his wife Tina live in North Dartmouth.

The Board of Directors, Officers and Staff of the Bank urge you to exercise your right by attending and voting at the Bank's regular Annual Meeting on December 15, 1979.

It will only take a few minutes of your time. With your vote and your continued good will and support we can keep your bank on a sound course of prudent banking.

from 1-4 p.m. all Center School and Old Hammondtown children are invited to an afternoon of giftmaking and merriment at the Old Hammondtown School Cafeteria. Santa's Helpers will be on hand to assist the children and to help them choose from a selection of 12 holiday crafts, unusual gifts, and toys to make for grammas and grampas, brothers, sisters, parents, etc.

Plans are in the making for a Cloth Work-shop, at which the children can choose from a wide variety of fabric, create an iron-on crayon design, and with the help of one of Santa's Elves, turn it all into a love pillow, a wall hanging, or a special pocket to give to someone equally special.

At the Candle Works, old candles, crayons and sea clamshells will be recycled into treasures that will "light up anyone's life". Rocks, too, get transformed at the Rock Pile with the help of the children's imagination and felt tip makers,

CENTER SCHOOL THIRD GRADE TO CAROL

Monday evening, December 17th, the third grade students of Center School will be singing Christmas carols in the village. They will be under the direction of Philip Spindola, music supervisor, and accompanied by several members of the faculty. A cordial invitation is extended to parents to go caroling with these students. The carolers will be leaving Center School at 6:00 p.m. and returning to the school cafeteria at 7:00 p.m. for hot chocolate and cookies.

The committee on arrangements has secured favors to distribute to those attending and a number of attendance prizes will be awarded.

Senior Health Clinic

The District Nurses of Mattapoisett will hold only one health clinic this month, due

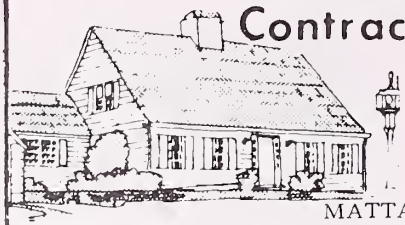

to the holiday season. The clinic is scheduled for Wednesday, December 19, at the Legion Hall on Depot Street, Mattapoisett, from 1:30 to 3 p.m.

The District Nurses, Margaret Sylvester, Susan Drake and Ellen Boyd, invite all Mattapoisett Seniors to have their blood pressure taken and health questions answered. Prevention of illness is one present you can give yourself for Christmas.

May we extend a great big "Thank You" on behalf of our Seniors to the many students of Southeastern Massachusetts University and the officials of the University itself for the very well run Christmas Party on December 2nd. Fifty of our Seniors participated and all enjoyed it.

May we remind any Seniors that have passed their 59th birthday to get their I.D. card at the Council on Aging Office in the old New Bedford Hotel. See our Senior Aide Amy Peters if you need transportation or directions. The I.D. cards are available any Wednesday from 1:00 to 4:00 p.m., and be sure to take data to identify you and show your age.

The Selectmen's Office requests that we continue to use their telephone number (758-3758) as we have in the past, and

A whimsical line drawing of a multi-story house. The house features a prominent chimney on the left side with a flame rising from it. The roof is steep and has several dormer windows. A balcony with a decorative railing is visible on the right side. The front of the house has a large bay window with multiple panes and a smaller window above it. The drawing is done in a simple, sketchy style with no shading.

Christmas Concert

FAIRHAVEN UNITARIAN CHURCH

The annual Christmas Concert by the Fairhaven Unitarian Memorial Church Choir will be held on Sunday, December 16th, at seven o'clock. A delightful program of carols, instrumental music and readings will be given under the direction of Herbert H. Bowker, organist and choir director. The Concert will highlight the series of Yuletide programs sponsored by the Creative Arts Council of the Church.

A special feature of the Concert will be the playing of beautiful carol arrangements by the New Bedford High School Handbell Choir under the direction of Patricia A. Clark. Duets for organ and piano will be played by Beatrice Braun, guest pianist and teacher of New Bedford, with Mr. Bowker at the organ. Henry B. McGowan, tenor soloist of the

Church, will sing; and the Choir will be heard in delightful arrangements of many favorite carols of the Yuletide. The audience, also, will sing with the Choir during the

FIELD WALK - DECEMBER 15th

The topic of the morning field walk for December 15th will be the "Woodland Com-

munity". Do your children know which animals live in local weeded habitats? Or how their animal (and plant) lives interact, and how dependent they are on each other?; how the food chain works, even right here in our Dartmouth wild places? An outing for the whole family, the Museum Outdoors field walk will begin at 10:00 a.m. exploring and learning the answers. This is free to all. SATURDAY PROGRAM - DECEMBER 15th

Making things by hand should still be a major part of Christmas activities. Children 5 and up are invited to attend the Children's Museum's annual "Pine Cone Crafts" program which will be given by Penny Busher and Gerry Squire at the Southworth Library in South Dartmouth at 2:00 p.m. on Saturday, December 15th. A pre-registration will be taken for the program and a small fee is charged non-members, which should be paid to the Museum. For directions to the library, please call the Museum, 993-3361.

Bowling League

ROCHESTER BOWLING LEAGUE - DECEMBER 4

BowlMor and Sturtevant and Hook had to settle for a 1 1/2 point split in their match. Bob Jefferson (407) was high for BowlMor and David Swift (353) was high for Sturtevant. Hartley Saw Mill crept one point closer to the league leaders by dropping Nanfelt's Minks (Charlie Jefferson 352) two points. Marion Golf Course went to see the Ice Capades and gave Herb's TV three points as a Christmas gift. Paul White was high man for Herb's with 390. Eddie Strawn (384) and Guaranteed Pest Control held a surprise party for Bourassa Hardware. The pests left with two points despite Louie Przystarz's fine 388.

The drawing was held at the meeting of the Board of Directors on Monday, December 10th. The boy selling the most tickets also received a pair of Bruins tickets for the same game.

The only scores for the weekend that were received are as follows: it seemed to be Fairhaven's day as the Pee Wee #1 team lost to Fairhaven 7-0, and the Squirts dropped a well played game 5-0 to the Fairhaven Squirt team. A reminder to all Team Mothers: please phone in your scores by Sunday evening to make the paper deadline. Thank you.

STUDENTS VISIT MIT

On Saturday, November 17, Bobby Vary, A. J. Kreider, and Erik Morris, fifth graders in the Project L.I.F.T. classroom at Memorial School, Rochester, travelled to the Massachusetts Institute of Technology. The boys met with research assistant, Walter Lapatovich, to discuss their intense interest in physics.

Providing opportunities for children to talk with professionals in areas of interest is an integral part of Project L.I.F.T., the school Superintendency's Union No. 55 program for gifted and talented.

A description of the trip as written by the boys follows: "Mr. Lapatovich talked to us about what heat does to metals, how charged particles get caught and get through the Van Allen radiation belt, and how things get color. One experiment with liquid nitrogen at 300 F froze a banana and then Mr. Lapatovich nailed a nail into a piece of wood with the banana!

"Another experiment was with a laser where he burned a Q-tip with it and then poured

liquid nitrogen on the laser. The liquid nitrogen formed clouds and made the laser visible to the eye. We also worked with polaroid plastic and baggies to show the stress of stretched plastic when seen in between two polaroid plastics. Color could be seen at the points of stress.

"We tried some strobe light experiments and saw split second pictures showing a bullet going through a bar of ivory soap before it exploded and a coffee cup full of coffee just before it hit the ground."

Upon returning to Rochester, the boys decided to create an area of the room where other children could participate in some of the experiments that they have learned.

OPEN HOUSE IS A LOT OF FUN

Tuesday, December 4, our Project L.I.F.T. classroom at Sippican School, Marion, had a special open house for the students and their parents to meet each other and participate in some class activities. At first we split up into groups and brainstormed things we thought are important to a family unit. After that, families made a symbolic shield describing what's unique to their particular family. Then we had a pot-luck

On October 1, 1979, SISE merged with Europeiska Ferieskolor (EF), the number

one language vacation school in Europe and one of the largest international travel study companies.

Despite this change, SISE's internal structure will remain the same, i.e. the program will a) strictly remain a School Year Program, b) maintain its Non Profit status.

Advantages to SISE: Since SISE no longer offers summer programs, students interested in short term summer abroad experiences can be referred to EF for a 4-week stay in

student for the school year 1980-81.

The students' interests are varied and cover a wide range of activities. During their stay here, they, as a member of the family, would learn about American ways of life and customs while at the same time share with their host families the tremendous cultural and personal experience of their own country. All the students have had at least 6 years of English in school, and are covered by Medical Insurance and have their own spending money.

The time students stay in the USA is generally considered their greatest and most memorable experience of their lives. Join in this fellowship and help the cause of International understanding by providing this experience for a foreign student. Write Mrs. Mary Briggs, Great Neck Road, P.O. pleased to announce that Miss Joanne Bedard, Miss New Bedford '78, has accepted the role of Mabel Normand in The Gateway Players' January '80 production of Jerry 'Hello Dolly' Herman's musical, Mack & Mabel.

Miss Bedard's beauty, effervescence and multi-talents will bring new dimensions to the role of the girl that Mack Sennett, played by George W. Hayden, directed to silent film stardom and incidentally lost his heart to as well. This is the second Jerry Herman musical she has starred in; having performed the lead in 'Hello Dolly' at New Bedford High School in her senior year (1975). In addition she directed two children's theater productions the same year. Other New Bedford High School credits include roles as Mrs. Brice in Funny Girl; Golda in Fiddler on the Roof; and Karen Nash in Plaza Suite in 1973-74.

Ms. Bedard's interest in theater dates back to 1973 when she appeared in Your Theater production of Little Mary Sunshine. Since that time she has done the Prime of Miss Jean Brodie at S.M.U.; had a role

THE RAGG WOOL SWEATER FROM BOSTON TRADERS is the closest you can come to finding out why you've never seen a sheep shiver.

They make it from wool that's as natural as it comes. With all the natural oils and lanolin still in to keep the weather out. With natural color chosen by the sheep, so no two are exactly the same. All they add is a touch of nylon to the thick warm wool to make it stronger and ruggedger than a ram in March.

It's naturally one of the best ways to keep warm on earth.

versity in a competition for the best working prototype of a human-powered, second car.

There is also a second prize of \$500 and an additional \$500 has been set aside to help those with promising designs but with insufficient funds to build prototypes. The prizes and other funding are being provided by the SMU Foundation, Inc., a non-profit organization dedicated to furthering the aims of the University.

"The kind of vehicle we're talking about wouldn't be the sole source of transportation for a person, but would serve well for many short, routine trips that are now taken in automobiles," said Prof. Siegfried M. Breuning, contest coordinator.

"We'd like to see local interests get involved in this competition," said Professor Breuning, a transportation expert in the civil engineering department. "I would hope that maybe some outside groups or businesses might sponsor design teams, or perhaps help out by providing special skills, parts, or even additional prizes."

It is expected that many of those entering will enter as part of a team. Persons from outside the university may enter, but only as part of a team that includes on it at least one member of the university community, either a student, faculty member, or staff member, explained Breuning. "We're trying to bring together the diverse talents represented in the different disciplines at the University," he said. "We hope that engineers and marketing specialists, for example, might get together with artists and psychologists to fully consider all aspects of the problem."

The idea for the contest was Professor Breuning's, but it has received support at several levels in the University. "This

effort will strengthen our transportation offering by illustrating the challenges that continue to exist even on simple proposals such as this," said Prof. Sat D. Khanna, chairperson, civil engineering. "We in engineering have always felt that our work should be practical and should contribute to the region." In urging funding for the contest, Dean of Faculty Richard M. Fontera noted that "energy expenditures for human transportation are among the key issues facing our nation and the world. This kind of activity underlines the link between our University's educational program and broad commitments to community service."

There are presently about 75 million bicycles in the U.S. which provide a substantial portion of personal travel for those too young to drive a car or those who could not afford to own one, Professor Breuning notes. "Although bicycles have been around for many years, important technological improvements have been made recently," he said, such as reduction in weight, reduced running resistance through the use

TOWN OF MATTAPOISETT, MASSACHUSETTS SEWER USE RATES

A. Billing periods coincide with Town Water Department billing
periods, and are as follows: 1. April 1st to October 1st, 2.,
October 1st to April 1st.

B. SEWER RATE CHARGES:

1. Sewer Rate charges shall be based on metered water use
and shall normally be assessed together with water charges on
a single billing form.

2. Sewer use charges shall be assessed at One Hundred and
forty-three percent (143%) of the water charges during each
period, resulting in the following:

a. Minimum each 6-month period, charged at the beginning
of each period shall be \$21.45

b. Allowance during any one period shall be 3,000 cubic
feet (22,440 gallons) of water at the minimum rate.

c. Excess (over 3,000 cubic feet of water) shall be billed
at the termination of each period at the rate of \$7.15 per 1,000
cu. ft.

C. The Board of Sewer Commissioners reserve the right to apply
special rates where in their opinion unusual conditions warrant
such action.

D. The entire minimum rate will be charged for sewer use for
the billing period during which sewer connection is completed,
regardless of time remaining in that period. Water meter read-
ing will be recorded at the time of sewer connection and water
use from that point only, to the end of the period will be used
to determine whether or not charges for excess use are to be
assessed.

NOTE: Sewer use rates are subject to change without notice,
